

AALBORG RENEWABLES

*We are excited to welcome you into our community!
Here are some practical information about the membership.*

Aalborg Renewables is a community for businesses within the on- and off-shore wind energy-, wave energy-, and solar energy industries in Northern Denmark. The community is open for all kinds of businesses and organizations wanting to contribute with know-how, engagement, and a commercial mindset to a greener future.

Aalborg Renewables contributes to the acceleration of innovation and commercialization by facilitating events, network, matchmaking, and knowledge sharing. The goal is to create better conditions for growth for existing companies and to attract new companies. The course of the community is being determined in collaboration with an Advisory Board consisting of six actors from the renewables industry.

What you get

A membership provides access to:

- * All community meetings for free
- * Members only events and activities
- * Knowledge sharing and participation in project groups
- * Sector specific materials provided by Aalborg Renewables
